01 About

Academic librarian, instructional designer, multilingual learner advocate

I'm an academic librarian and educator committed to inclusive, student-centered instruction. My work bridges information literacy, multilingual learner support, and critical research skills across community college, university, and K-12 contexts.

This portfolio brings together instructional slide decks, video tutorials, LibGuides, curriculum materials, and eLearning projects from Portland State University, Portland Community College, Berkeley City College, and related teaching engagements.

Areas of focus

02 Portland State University

Video tutorials · LibGuides · research instruction

Collaborative instructional design work for the PSU Library — producing video tutorials, updating information literacy tutorials for the University Studies Online General Education Pathways Rethink project, creating research guides, and delivering course-integrated library instruction for graduate-level programs.

YouTube

VIDEO TUTORIAL

PSU Video Tutorial — Part 1

Instructional video produced for Portland State University Library, supporting student information literacy learning outcomes.

TUTORIALS / LIBGUIDE

Information Literacy Tutorials

Updated five information literacy tutorials — originally developed by Meredith Farkas (2014) and revised by Claudia Weston and Kimberly Willson-St. Clair (2015) — for the University Studies Online General Education Pathways Rethink, a Portland State University project.

Willson-St. Clair, K., & Kim, J. (2024).

PORTLAND STATE UNIVERSITY LIBRARY

GRADUATE INSTRUCTION

McNair Scholars — Library Research

Library research presentation for PSU McNair Scholars — covering PSU Library services, searching the catalog, citation support for APA, and navigating literature reviews for graduate-level research.

[Google Slides](#) · [linked on portfolio site](#)

02 PSU — continued

Undergraduate research · faculty collaboration · peer review

Additional PSU contributions — undergraduate research instruction for LSAMP scholars, a course-specific research guide built with Anthropology faculty, and peer review service for the PSU Learning Objects Committee.

UNDERGRADUATE INSTRUCTION

LSAMP Research Scholars

Library research instruction for PSU's Louis Stokes Alliance for Minority Participation (LSAMP) Research Scholars — supporting undergraduate scholars from historically underrepresented groups in STEM as they develop research skills.

RESEARCH GUIDE

ANTH 412/512 — Methods Research Guide

Research guide developed for Anthropology 412/512 (Methods), built in collaboration with faculty and the Office of Academic Innovation to support student research in anthropological methods.

Kim, J. (2024). Research guide for ANTH 412/512: Methods. Portland State University. (Developed in collaboration with Michele Gamburd and the Office of Academic Innovation.)

Unpublished internal resource

PEER REVIEW

LibGuides Peer Review

Served as Peer Review Reviewer for the Portland State University Learning Objects Committee, supporting quality assurance for library LibGuides and digital learning objects.

Portland State University Learning Objects Committee. (2024). [LibGuides Peer Review]. Portland State University. (Kim, J., Peer Review Reviewer.)

Unpublished internal resource

03 Portland Community College

ESOL instruction · library research · multilingual learner support

Teaching materials developed for Portland Community College — ESOL course slide decks for adult multilingual learners across beginning and intermediate levels, plus library research instruction in support of PCC coursework.

LIBRARY RESEARCH

ESR 171 — Library Research Demo

Teaching demo for PCC's ESR 171 — covering library services, the research process, keyword search strategies, and evaluating sources using lateral reading and the SIFT method.

[Google Slides · linked on portfolio site](#)

ESOL · CONTENT-BASED

ESOL 30: Analyzing a Graph

Content-based ESOL lesson — introduces academic language and skills for analyzing a graph, blending language instruction with data literacy for intermediate multilingual learners.

[PDF · ESOL-30-Analyzing-a-Graph](#)

ESOL LEVEL 1 · DAY 1

PCC ESOL Level 1 — Example A

Beginning-level ESOL teaching slides — Day 1 of a 10-week course. Covers introductions, greetings, syllabus, alphabet, spelling, and initial conversation practice for adult multilingual learners.

[Google Slides · linked on portfolio site](#)

ESOL LEVEL 1 · CLASS 2

PCC ESOL Level 1 — Example B

Class 2 of Level 1 ESOL — builds on foundational skills with numbers, spelling practice, adjectives, writing introductions, addresses, listening practice, and student support resources.

[Google Slides · linked on portfolio site](#)

ESOL LEVEL 3

PCC ESOL Level 3 — Welcome

Intermediate ESOL course — welcome slides covering course structure, textbook overview (English in Action Terms A/B/C), classroom community-building, and conversational interviewing activities.

[Google Slides · linked on portfolio site](#)

PEDAGOGY NOTE

Multilingual Learner Centered

Lessons sequence linguistic scaffolding with academic content — every level builds reading, listening, speaking, and writing alongside research and information-literacy skills appropriate to the level.

04 Miscellaneous Courses & Teaching

SCU · CCSF · workshops · independent projects

Selected teaching, workshop, and instructional design work across Santa Clara University, City College of San Francisco, and independent projects — including an iSpring eLearning course, AI and media literacy workshops, teaching demos, and curriculum on credibility and bias.

ELEARNING COURSE

iSpring Course: Beat the Bot

Full eLearning course on navigating automated job application systems — course map, script, job aids, and assessments designed and authored in iSpring.

idol.ispring.com · [Beat the Bot preview](#)

SCU

SCU — Promoting AI Literacy

Instructional session on AI literacy for higher education — prompting, evaluation, and ethical use of generative AI tools.

[Materials](#) · [linked on portfolio site](#)

CCSF

CCSF: Evaluating Websites

Teaching demo for SOC 01 at City College of San Francisco — comparing the SIFT and CRAAP methods for source evaluation, with scenarios drawn from YouTube, social media, and news to practice lateral reading and fact-checking.

[Google Slides](#) · [linked on portfolio site](#)

CURRICULUM

Evaluating News: Credibility & Bias

Lesson plan on media credibility and bias developed for an Ethnic Studies context — includes graphic organizers, vocabulary anchor chart, group topics, and exit ticket.

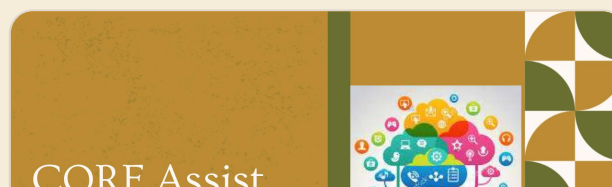

[SharePoint Doc](#) · [linked on portfolio site](#)

WORKSHOP · COLLEGE TRACK

College Track — PQA Workshop

Workshop on question-asking and research strategy developed for College Track — supporting first-generation students in developing inquiry-based research skills.

[PDF](#) · [College-Track-PQA-Workshop](#)

PROFESSIONAL LEARNING

CORE Assist Forum Presentation

Presentation delivered at the CORE Assist Forum — professional learning contribution to the library and instructional support community.

[PDF](#) · [CORE-Assist-Forum](#)

05 Berkeley City College

Library instruction · credit & non-credit courses

Course-integrated library instruction designed for Berkeley City College students across disciplines — including composition, business, health, history, social work, and design. Sessions emphasize source evaluation, database strategy, and research as an iterative process.

Hello and welcome! You are on a quest to save the BCC Library! I am the Berkeley Book Fairy and I be your guide. To stop the Book Trolls from taking over Berkeley's Information World, you will defeat them at each station by making notes in your ARIS Notebook.

WORKSHOP · LIBRARY ORIENTATION

"Troll-free Berkeley" — RPG Library Orientation

Led a Flex Day workshop in Spring 2018 as an interactive library orientation. Participants installed a mobile role-playing game (built on the ARIS platform) onto their devices and played through a quest that taught students how to find books using the Library of Congress classification system and navigate the Berkeley City College campus building.

Kim, J. (2018, Spring). *Troll-free Berkeley: A library orientation role-playing game [BCC Library Flex Day Workshop]*. Berkeley City College Library.

How to Research

keywords, subject terms, peer-review

ENGLISH

English 1A

First-year composition library instruction — research questions, peer-reviewed sources, database navigation.

PDF · English-1A

ENGLISH

English 5

Critical reading and research instruction with a focus on evaluating evidence and integrating sources into academic writing.

PDF · English-5

BUSINESS

Business 30

Industry and market research instruction — using business databases, company profiles, and trade publications.

PDF · Business-30

05 BCC — continued

Career · Health · History · Design · Education

CAREER / COUNSELING

Career Exploration: Evaluating Sources

Source evaluation workshop for students exploring career pathways, with an emphasis on credibility and bias.

PDF · [Career-Exploration-Evaluating-Sources](#)

HEALTH EDUCATION

Health Education

Research instruction for health-related courses — navigating health databases and evaluating health information sources.

PDF · [Health-Ed](#)

HISTORY

HIST 7A Orientation

Primary and secondary source research for U.S. history students — using historical databases and archival materials.

PDF · [HIST-7A-Orientation](#)

DESIGN

INDES 440 — Design Research

Design research methods and information strategies for interior design students — visual and textual source integration.

PDF · [INDES440-Design-Research](#)

How to Research

keywords, subject terms, peer-review

LIBRARY ORIENTATION

Peer Review & Keywords

Introductory library session covering peer-reviewed sources and effective keyword strategies for database searching.

PDF · [Peer-Review-Keywords](#)

Research for Educators

How to Search, Navigating databases, Peer-Review

EDUCATION

Research for Educators

Research instruction tailored for pre-service and in-service educators — education databases and scholarly literature.

PDF · [Research-for-Educators](#)

05 BCC — Social Work & Copyright

Specialized course-integrated instruction

Two specialized BCC instruction sets — one supporting social work students in evidence-based practice and community-source evaluation, the other introducing copyright law and ethical source use across the disciplines. Together with the prior pages, these complete the Berkeley City College course-integrated instruction archive.

SOCIAL WORK

Social Work

Research instruction for social work students — evidence-based practice, specialized databases, and evaluating community sources. Helps students locate scholarly literature alongside agency reports, policy briefs, and practitioner-oriented resources used in professional social work practice.

[PDF · Social-Work](#)

COPYRIGHT / INFORMATION LITERACY

Unit 2: Copyright Law

Instructional unit on copyright, fair use, and ethical source use for student researchers and content creators. Covers the foundations of copyright protection, the four-factor fair-use analysis, and Creative Commons licensing — preparing students to make informed decisions when remixing, citing, and publishing.

[PDF · Unit-2-Copyright-Law](#)

BCC instruction archive spans English composition, business, career counseling, health education, U.S. history, interior design, education research, social work, and copyright — alongside the Troll-free Berkeley RPG library orientation workshop.

06 K-12 & Other Work

High school library sites · LibGuides · media literacy

Earlier K-12 library work, including high school library sites and LibGuides for student research, plus collaborative media-literacy professional development with AUHSD teacher-librarians.

K-12 · MILPITAS HIGH SCHOOL

Milpitas High School — Library Site

Library Google Site developed for Milpitas High School — student research resources, databases, and research-support pages organized for ease of access by teachers and students.

mhslibrary.musd.org/home

K-12 · LAS LOMAS HIGH SCHOOL

Las Lomas High School — LibGuides

LibGuides created for Las Lomas High School students supporting research assignments, literacy, and information literacy skills. Includes collaborative Media Literacy professional-development work with AUHSD teacher-librarians.
